

Source/EBGeometry\_DCEL.hpp

```
graph TD; A[Source/EBGeometry_DCEL.hpp] --> B[EBGeometry_NamespaceHeader.hpp]; A --> C[EBGeometry_NamespaceFooter.hpp];
```

The diagram illustrates a source file, `Source/EBGeometry_DCEL.hpp`, which is shaded gray and has a black border. Two blue arrows originate from the bottom of this file and point to two other files below it: `EBGeometry_NamespaceHeader.hpp` on the left and `EBGeometry_NamespaceFooter.hpp` on the right. Both of these files are white with black borders.
