

SignedDistanceFunction< T >

```
graph BT; A[InfiniteCylinderSDF< T >] --> B[SignedDistanceFunction< T >];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'InfiniteCylinderSDF< T >'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'SignedDistanceFunction< T >'. This indicates that 'InfiniteCylinderSDF' inherits from or specializes 'SignedDistanceFunction'.
